HT8 BLDC Motor Workshop V1.0

## HT66FM5242/HT66FM5440/BD66FM5245/BD66FM5252

Characteristics

- Hall/Sensorless square-wave and Hall sine-wave algorithms
- Graphical interface to adjust motor control parameters
- 3 driver boards
- Projects generated can be used for secondary development
- ICP download + e-WriterPro for MCU software update

Connection

| MCU Board + Power Board | e-Writer Pro | HT8 BLDC Motor Workshop V1.0 |

USB

Applications

Range hoods, fans and electric vehicles, etc.
